COVID MANAGER

The figure of the "Covid Manager" – Mr. Claudio Rossi – will be established. He will be responsible for all the security measures.

"COVID FREE" BRACELET

In a proper triage area all participants will be tested for temperature. Visitors who have temperatures below 37.5 degrees will be given a "Covid Free" bracelet. Only people with this bracelet will be able to enter the protected areas during the three days of the event.

MASK AND SOCIAL DISTANCING

To date (but in September, this provision will likely be reduced), people will be invited to maintain a minimum distance of 1 meter and to wear a mask. The only exception is for crews while driving.

PROTECTED AREA OF VIALE TE IN MANTOVA

The technical checks will be arranged to be accessed only by people with the "Covid Free" bracelet and their cars.

MANTOVA CORSE

PROTECTED AREA OF PALAZZO TE IN MANTOVA

The sport checks for the competitors (pilots and co-pilots) will be organized along a route established with the Palazzo Te Management and reserved only for people with the "Covid Free" bracelet. The operators at the document control tables will be protected by a plexiglass barrier.

PROTECTED AREAS OF PIAZZA SORDELLO IN MANTOVA AND PIAZZALE FELLINI IN RIMINI

The departure and arrival areas of Gran Premio Nuvolari will be delimited and prohibited to the public. Only staff and competitors equipped with the "Covid Free" bracelet will be able to access them. The cars will be spaced according to the provisions of the ACI Sport Protocol. If the areas of Piazza Sordello in Mantova and/or Piazzale Fellini in Rimini prove to be insufficient, it will be necessary to take advantage of another adjacent area as an additional gathering place.

SHARED RESTAURANT MOMENTS

During lunches and dinners the food will be displayed protected by plexiglass windows. Participants will be served exclusively by waiters. The seats at the table will be positioned with a distance regulated by the national health protocol.

HOTEL HOSPITALITY

The rooms of the hotels will be assigned according to the wishes of the participants, bearing in mind, however, that the double room should be assigned exclusively to members of the same family or kins.

PRIZE GIVING CEREMONY IN MANTOVA

The award ceremony will be organized at the Bibiena theater or alternatively, in case of good weather, under the portico of Palazzo Ducale in Piazza Sordello, in an area specially prepared and delimited. The prize giving moment will not include direct contact with people. The cups will be placed on a table in order to be collected directly by the winners.

All of these provisions are expected today, but could be mitigated in September. However, everyone's sense of responsibility will be essential.
