Mantova, September 22<sup>th</sup> 2019 – The 29<sup>th</sup> edition of the **Gran Premio Nuvolari**, ended today with the triumph of **the crew n. 72 composed by Mario Passanante and Raffaele De Alessandrini – F.M. Franciacorta Motori** driving a **1937 Fiat 508 C**. The crew, which led the competition during the first two days, demonstrated great ability and competence in the last special trials. This victory arrives after ten years when in 2009 Mario Passanante driving the same car, crossed the finish line in Piazza Sordello.

"It couldn't go better than this, I'm really happy! I have already won the Gran Premio Nuvolari twice, in 2008 and 2009, and this year we finally managed to repeat the success. We are car enthusiasts, **and winning an event of this level is invaluable**, because it is not easy to manage an 80-year-old car for more than 1000 km. I won thanks to my co-driver Raffaella" - **declared Mario Passanante**. "It was a very challenging race, but really beautiful. I've already participated in the Gran Premio Nuvolari but I never managed to win: this is a great emotion". - adds **Raffaella De Alessandrini**.

**At the second place, the crew n.94 composed by Giovanni Mocerì and Himara Bottini** driving a **1939 Fiat 508 C**. Mocerì, despite the great performance, he did not manage to succeed like during the 28<sup>th</sup> edition.

**Third classified**, the crew composed by Andrea Vesco e Manuela Tanghetti (n.34) driving a **1929 Alfa Romeo 6C 1750 SS**, protagonists of a great performance.

The Gran Premio is a unique opportunity to get a close-up view of these legendary vintage cars that have made the history of motor racing worldwide. These masterpieces met, as every year, in Piazza Sordello for one of the most fascinating races in the world. The myth of the great "Nivola" is always strong and present: it relives every year, thanks to the many enthusiasts who share the emotion of an extraordinary journey aboard real historic masterpieces of mechanics and design.

This year marks a record number of presences: **more than 300 crews** arrived in Mantova, from Europe, Asia and Australia. **17 countries** represented: Argentina, Australia, Austria, Belgium, France, Germany, Japan, Great Britain, Italy, Luxembourg, Holland, Poland, Czech Republic, Republic of San Marino, Russia, Spain and Switzerland. **45 car manufacturers** competing: from the Italian Alfa Romeo, Maserati, Fiat, Lancia, OM and Ferrari to the British Triumph, Jaguar, Aston Martin and Bentley; from the American Chrysler and Chevrolet, to the German Mercedes, BMW and Porsche, finishing with the French "purebred" Bugatti. **95 pre-war cars** take part in the event.
